Hello Anthony, I just want to say thank you for a wonderful engaging day. I have to say you and your team did an amazing job! There were many moments where I was able to reflect on my career, my management practices and areas to focus/improve. I made a few great contacts in the process.

Thank you for the opportunity you have created for us all to be a part of something bigger! Being the father of two amazing daughters this hit home more than just in my career and the careers of my employees. This event will make me a better father and a better leader’.

**Jeremy Perkins**

“I have seen Break the ceiling, touch the sky conference go from strength to strength every year. This year’s conference was the best yet, bringing together great participation from CEO’s, C-Suite executives, Diversity & Inclusion practitioners and founders/heads of businesses.

Anthony’s BTCTTS summit is really mobilizing a movement for building more gender balanced workplaces. It has something for everyone – CEO’s to learn from one another on how to drive change and progress towards gender diversity. Women who are looking for advice on how to take their careers forward and Men who want to be champions of change.”
